

Windfall

Key of A

Jay Farrar (Son Volt), 1995

Intro:

[A]...[D]...[A]...[D]..

Verse 1:

[D] Now and [A] then, it keeps you runnin',
[E] never seems to die
[C#m] Trail spent with fear and not e-[D]nough
livin' on the outside
[A] Never seem to get far enough,
[E] stayin' in between the lines
[C#m] Hold on to what you can,
waitin' [D] for the [A] end, not knowin' [D] when

Chorus:

May the [A] wind take your troubles away
May the [E] wind take your troubles away
Both [D] feet on the floor, two [A] hands on the wheel
May the [E] wind take your troubles a-[A]way

Instrumental chorus:

May the [A] wind take your troubles away
May the [E] wind take your troubles away
Both [D] feet on the floor, two [A] hands on the wheel
May the [E] wind take your troubles a-[A]way

Bridge:

[E] Tryin' to make it far enough,
[D] to the next time [A] zone
Few and [E] far between past the midnight hour
[D] You never feel a-[A]lone
You're really not [F#m] alone

Musical interlude:

[D]...[A]...[E]...
[A]...[D]...[A]...[D]...

Verse 2:

[A] Switch it over to AM,
[E] searchin' for a truer sound
Can't re-[C#m] call the call letters,
steel gui-[D] tar and settle down
[A] Catchin' an all night station,
[E] somewhere in Louisiana
[C#m] Sounds like 1963 but
[D] for now, [A] sounds like [D] heaven

Chorus:

May the [A] wind take your troubles away
May the [E] wind take your troubles away
Both [D] feet on the floor, two [A] hands on the wheel
May the [E] wind take your troubles a-[A] way
May the [A] wind take your [A/C#] troubles a-[F#m] way
May the [D] wind ... (extend)
... take your troubles a-[A] way

Instrumental chorus outro:

May the [A] wind take your troubles away
May the [E] wind take your troubles away
Both [D] feet on the floor, two [A] hands on the wheel
May the [E] wind take your troubles a-[A] way
