

Blue Christmas

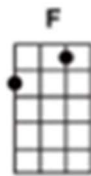

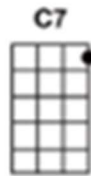

|

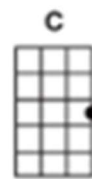

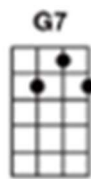

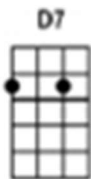

1. I'll have a blue Christmas without you,
2. And when those blue snowflakes start falling

I'll be so blue just thinking about you
That's when those blue memories start calling

Decorations are dead on my green Christmas tree
You'll be doin' alright, with your Christmas in white

Cause Kitty knocked them off and now there's only three.

NO D7

But I'll have a bare tree Christmas.
