

What We Really Want

Roseanne Cash - 1990 From the album "Interiors"

[Am] [C] [F] [F] [Am] [C] [F] [F]

[Am] We tried to make ourselves [C] pay [F] for something we've never done
[Am] We threw the best parts of [C] life away on [F] street talk strangers and drugs
What we [G] really want is [Am] love What we [G] really need is [Am] love

[(Am)] [C] [F] [F]

[Am] I wanna call out your [C] name [F] I wanna hold out my hand
[Am] A woman silent in the [C] mirror tonight wants to [F] talk to your mirror man
And what [G] they really want is [Am] love and what [G] they really need is [Am] love

[(Am)] [C] [F] [F] [Am] [C] [F] [F]

[Am] We are ships in the [C] night [F] the water is deep in between
[Am] There is reason and we [C] can't find the light so we [F] sail off into our dreams
And what we [G] really dream is [Am] love and what we [G] really need is...
[F] What we want is [G] love [F] What we need is [G] love

[Am] [C] [F] [F] [Am] [C] [F] [F]

[Am] We tried to make it feel [C] right [F] in someone else's world
[Am] We sat and looked out my [C] window last night
[F] And knew that things had changed with this girl
Cause what I [G] really found was [Am] love cause what we [G] really need is [F] love
What we [G] really want is [Am] love What we [G] really need is...
[F] What we want is [G] love [F] what we need is [G] love
