

Loose Change by The Highwomen  
2019

[Intro]

**C**

[Verse 1]

I remember the night when I caught your eye **F** **C**  
**F** **C**  
Nothing but good fortune  
**G**  
Nothing but good times  
**C** **F** **C**  
Seems lately even love has lost its shine  
**F** **C**  
Used to make me feel like a million bucks  
**G**  
And now you got me feeling like

[Chorus]

**C** **F**  
Loose change  
**C**  
I ain't worth a thing to you  
**F**  
Loose change  
**C** **G**  
You don't see my value  
**C** **F**  
I'm gonna be somebody's lucky penny someday  
**C** **G** **C**  
Instead of rollin' 'round in your pocket like loose change

[Verse 2]

Right now I could be finally settin' sail **F** **C**  
**F** **C**  
See the Seven Wonders  
**G**  
Wonderin' why the hell  
**C** **F** **C**  
I keep on setting myself up to fail  
**F** **C**  
Stuck inside this game with you  
**G**  
Flippin' heads or tails

[Chorus]
